

The Impossible Race Reading Challenge

Every year the futuristic school, Cragbridge Hall, holds its most popular tournament—the Race. To compete, students form teams and face a series of challenges that range throughout the school and require the use of its amazing inventions like its holographic time machine!

This challenge is every bit as thrilling. It requires just as much teamwork, determination, and brain power. Your team will be your class and the task is to read as much as you can. In each box below, write the number of pages you read that day. Have your parent or guardian sign at the end of each week to certify that you read that many pages.

Remember, the class that reads the most pages per student gets a hardback set of the Cragbridge Hall trilogy for their classroom, including the brand new Impossible Race! Each member of the class wins a paperback copy of either The Inventor’s Secret or The Avatar Battle and a poster and bookmark autographed by Chad Morris! There are also other great prizes for competing classes and an awesome epack for everyone who participates. You can watch trailers for the books, see a list of prizes, and read the official contest rules at www.chadmorrisauthor.com. Let’s get reading!
